The project aims to improve cross-border transport links between Hungary and Croatia by addressing infrastructural shortcomings in the capacity and quality of their transport networks in Hungary and Gotalovo in Croatia. The overall objective of the project is to contribute to improved transport connectivity in the cross-border area of Hungary and Croatia.

Projekt ima za cilj poboljšanje prekograničnih prometnih veza između Mađarske i Hrvatske rješavanjem infrastrukturnih nedostataka u kapacitetu i kvaliteti njihovih mreža. Opći cilj projekta je doprinijeti kvalitetnijoj prometnoj povezanosti u prekograničnom području Hrvatske i Mađarske.
